

GENERAL SPORTS ORGANIZATION

9.1.1 Sites: Please list the following:

- Total number of proposed competition sites
- Total proposed sites by name
- The number of sports, disciplines and events proposed for each site

Table 9.1.1 lists the proposed competition sites for the San Francisco 2012 Olympic venue plan. The Bay Area Sports Organizing Committee (BASOC) proposes to use 32 competition sites. Details for each sport, discipline and event are provided. A detailed competition schedule for each sport, showing discipline and event by day and by time, is provided in Section 10.7.3.

Table 9.1.1 Proposed Competition Sites (listed alphabetically by sport)

SPORT/DISCIPLINE	VENUE
Archery	Mather Regional Park – Sacramento
Athletics	Stanford University Stadium – Palo Alto
Badminton	Stanford University Maples Pavilion – Palo Alto
Baseball – Preliminaries	Raley Field – Sacramento
Baseball – Preliminaries & Finals	Pacific Bell Park – San Francisco
Basketball – Preliminaries	UC Berkeley Haas Pavilion – Berkeley
Basketball – Preliminaries & Finals	Oakland Coliseum Arena – Oakland
Boxing	Cow Palace – San Francisco
Canoe/Kayak – Flatwater, Slalom	Lake Natoma – Sacramento
Cycling – Road	Marina Green – San Francisco
Cycling – Track	Mather Regional Park – Sacramento
Cycling – Mountain Bike	Domaine Chandon – Napa Valley
Equestrian – Jumping	Monterey Horse Park – Monterey
Equestrian – Dressage	Monterey Horse Park – Monterey
Equestrian – 3-Day Event	Monterey Horse Park – Monterey
Fencing	Moscone Center North – San Francisco
Football – Preliminaries	3Com Park – San Francisco
Football – Preliminaries	Qualcomm Stadium – San Diego
Football – Preliminaries	Los Angeles TBD – Los Angeles
Football – Preliminaries	UC Berkeley Memorial Stadium – Berkeley
Football – Preliminaries	Rose Bowl – Pasadena
Football – Preliminaries & Finals	Network Associates Coliseum – Oakland
Gymnastics – Artistic	San Jose Arena – San Jose
Gymnastics – Rhythmic	San Jose Arena – San Jose
Gymnastics – Trampoline	San Jose Arena – San Jose
Handball – Finals	UC Berkeley Haas Pavilion – Berkeley
Handball – Preliminaries	Moscone Center West – San Francisco
Hockey	San Jose Spartan Stadium – San Jose
Judo	San Jose Convention Center – San Jose
Modern Pentathlon – Fencing & Shooting	Stanford University Maples Pavilion – Palo Alto
Modern Pentathlon – Riding & Running	Stanford University Sunken Diamond – Palo Alto
Modern Pentathlon – Swimming	Stanford University Avery Aquatic Center – Palo Alto
Rowing	Lake Natoma – Sacramento
Sailing	Treasure Island – San Francisco
Shooting	Shooting Center – San Jose
Softball	Stanford University Sunken Diamond – Palo Alto
Swimming – Diving	George Haines International Swim Center – Santa Clara
Swimming – Swimming	George Haines International Swim Center – Santa Clara

9.1.3 Current State of Sites/Construction Work

In accordance with the list given for 9.1.1, provide in table form:

- *the list of existing installations needing only minor adaptation for the Olympic Games (those that will not require any construction work prior to the Olympic Games)*
- *the list of existing installations needing substantial alterations (those requiring modifications, construction, renovation, refurbishing, etc.)*
- *the list of installations not yet built*

Note: With respect to the above categories, your assessment should correspond to the “Expenditures” item in your budget.

The current state of the competition sites for the San Francisco Bay Area’s 2012 Olympic bid are detailed in Table 9.1.3.

Table 9.1.3 Proposed Competition Sites – Status

SPORT/DISCIPLINE	VENUE	STATUS
Archery	Mather Regional Park – Sacramento	Substantial Adaptation

Total Number of Proposed Sites		32

9.1.4 Financing of Work

Provide:

- *An estimate of the cost of all work to be carried out*
- *The amount to be provided by the OCOG (amount in figures and percentage of total) and relevant guarantees from the competent bodies. The original documents must be given to the USOC (Theme 19 – Guarantees).*

An estimate of the cost for all work to be carried out in capital construction of competition venues for the San Francisco Bay Area 2012 Olympic Games is provided in Table 9.1.4. An estimate of costs for temporary and portable facilities is provided for each sport in Table 10.4 in **Theme 10 – Sports**.

Original documents from the relevant groups, organizations and authorities are provided in **Theme 19 – Guarantees**.

Table 9.1.4 Capital Construction Costs (in thousands of dollars)

VENUE	OCOG NEW CONSTRUCTION	PERCENT OF TOTAL	NON-OCOG NEW CONSTRUCTION	PERCENT OF TOTAL	TOTAL OCOG AND NON-OCOG
Stanford Stadium: Opening Ceremonies/Athletics	150,000	50	150,000	50	300,000
Lake Natoma Whitewater Course	1,000	25	3,000	75	4,000
Monterey Horse Park, Monterey	5,000	21	19,000	79	24,000
Shooting Center, San Jose	10,000	50	10,000	50	20,000
George Haines International Swim Center, Santa Clara	10,000	25	30,000	75	40,000
Treasure Island Tennis Center, San Francisco	10,000	25	30,000	75	40,000
Total	186,000	43	242,000	57	428,000

9.1.5 Guarantee of Use

In accordance with the list given in 9.1.1, provide a table giving a list of:

- *Signed agreements with the concerned*
- *Agreements to be signed*

A copy of all signed agreements must be given to the USOC (Theme 19 – Guarantees).

The Legal Committee and the executive management of the Bay Area Sports Organizing Committee (BASOC) have developed a Memorandum of Understanding (MOU) to use in obtaining agreements with venue owners and authorities. The MOU contains provisions to confirm not only use of the facilities but also agreement to comply with conditions expressed in the Host City Contract, such as agreement to the “clean venues” clause. The MOU also ensures that the problems often confronted by organizing committees when they negotiate agreements with venue owners after the Olympic Games have been awarded to the city are prevented in advance. Copies of all signed MOUs are provided in **Theme 19 – Guarantees**.

In those cases where the venue owner or authority could not sign the MOU at this time, a Letter of Intent has been executed that provides for ensurance of use. In every case, the venue owner and/or authority has reviewed the terms and conditions of the MOU and understands that by the commitment expressed in the Letter of Intent that those terms and conditions will apply. Copies of all signed Letters of Intent are provided in **Theme 19 – Guarantees**. Table 9.1.5 lists the signed MOUs and the signed Letters of Intent.

9.1.6 Agreements with NGBs

Of the 28 NGBs involved, list only those who have already given their agreement to the proposed sites and installations in accordance with the guarantees given for question 10.5.

BASOC has obtained agreement to the proposed sites and installations from all 28 National Governing Bodies (NGBs) involved, as detailed in Table 9.1.6.

9.1.7 Advertising in Competition Sites.

Confirm that no form of advertising will appear at the competition sites (“clean venues”).

BASOC confirms that no form of advertising will appear at the competition sites in the San Francisco Bay Area in 2012. All venues will be clean, in complete conformity with the conditions of the IOC. As explained in Section 9.1.5, BASOC has obtained expressed written agreement to this condition from the venues listed in Section 9.1.5 that have signed the Memorandum of Understanding (MOU).

9.2 TEST EVENTS

Will you undertake, on behalf of the future OCOG, to organize test events in accordance with the recommendations of this manual and the Rules of the Olympic Charter? Specify the period in which the test events will be held.

BASOC understands the value of organizing test events in all sports in order to provide training for staff and volunteers and to test the ability of each venue to provide the best possible competition conditions for the athletes. Test events also provide an opportunity to test systems that have been developed for the Olympic Games, particularly technology systems for timing, results and scoring, but also venue management, spectator services, logistics and transportation, to name but a few.

Therefore, BASOC, on behalf of the future OCOG, undertakes to organize test events in accordance with the recommendations of the *USOC Bid Procedures Manual – Olympic Games* and the rules of the *Olympic Charter, Article 55*. The test events will be organized in the period from 18 to six months prior to the Olympic Games, although BASOC will undertake to organize test events outside this period where requested by the USOC, the IOC and the relevant International Federation and/or National Governing Body.

9.3 HUMAN RESOURCES

What sources will be used for recruiting personnel for the sports organization, bearing in mind all the various tasks to be undertaken? What steps have already been taken?

BASOC has already taken a major step in recruiting personnel for the organization of sports for the 2012 Olympic Games by establishing an expert committee comprised of Olympians from every sport on the Olympic program. In addition to recruiting

Olympians, BASOC has recruited sports administrators and coaches from each sport who are considered experts by their NGB. This committee has played a crucial role in the development of the venue plans for each sport (see Section 10.7 for the venue plans). These subject matter experts (SMEs) have been consulted throughout this process. They have assured us that the venue plans contain all the critical facilities necessary to provide world-class competition conditions for the athletes, and they have reviewed the plans and the proposed competition schedules from drafts to final copies.

This committee represents a foundation for the human resources needed to organize the sports for the Olympic Games. From this foundation, each Olympian and SME will identify outstanding individuals from throughout the San Francisco Bay Area to assist in building a first-class team for their sport. In fact, many of the individuals on the committee have already assisted in organizing Olympic competitions, world championships and other major events in their sport. They will also consult with their NGB and with the leadership at BASOC to ensure that individuals essential to delivering the best competitions ever organized are also recruited from throughout the country and the world. With over 300 Olympians in the Northern California Olympians organization and a wealth of committed and talented individuals available in every sport, BASOC is confident that the human resources in this region will be gathered to organize the sports for the Olympic Games at the highest possible standard.

9.4 SPORTS EXPERIENCE

List all international sports competitions organized in your city, region and country over the last ten years (world championships, multisports world games, continental championships).

The San Francisco Bay Area has a rich tradition of organizing major sporting events. Table 9.4 provides a list of the international sports competitions organized in this region over the past ten years.

9.5 IF CONGRESSES

Will you undertake, on behalf of the future OCOG, the organization of congresses or meetings during the Olympic Games or in the period immediately preceding or following the Olympic Games for those IFs that request such meetings?

BASOC, on behalf of the future OCOG, commits to organize congresses and/or meetings for those International Federations (IFs) that request such meetings at the time of the 2012 Olympic Games. The San Francisco Bay Area possesses a wealth of hotel and other meeting facilities to ensure that each IF will be able to hold its congress and/or meetings in a dedicated facility.

Table 9.5 delineates the current status of requests by IFs for congresses and/or meetings per the Sport Specifications distributed by the USOC. BASOC is fully prepared to organize not only these requested congresses, but also any congresses that may be requested prior to the 2012 Olympic Games.

Table 9.5 Organization of IF Congresses – Master List
